

# FONDS HÔPITAL STE-ANNE HOSPITAL FUND

Newsletter  
Fall 2025

## Message from our Chairperson Mr Raymond LaFlèche

In September 2025, the Honourable Uzoma Asagwara, Minister of Health, visited Ste. Anne Hospital to discuss the possibility of designating our facility as a regional health facility. The Honourable Wab Kinew, Premier of Manitoba, stated his support for this initiative by sending an official letter to the mayor of Sainte-Anne, Mr. Yvan St-Vincent.

The provincial government has also announced the creation of a working committee to study the progress of the project. This announcement represents a major milestone and is great news for our community. Our elected municipal officials from the surrounding municipalities, accompanied by the support of the AMBM (the voice of Manitoba's bilingual municipalities), have been instrumental in the project's progress to this stage.

Thank you for your continued support of the Ste. Anne Hospital Fund. The Fund will continue its efforts to actively support this initiative, which aims to strengthen the services offered to the public.

**Ste-Anne Hospital Heliport**

The Ste. Anne Hospital Fund would like to sincerely thank its valued volunteers and the hospital's maintenance staff once again this year. These individuals generously volunteer their time to conduct heliport inspections to ensure the safety of Stars, staff and patients at the hospital.

Did you know:

Ste. Anne Hospital heliport must be inspected every day of the week, as well as prior to each landing of the Stars helicopter.

Transport Canada conducts an inspection of the heliport every few years and it always receives praise from inspectors, ranking it among the best heliports in Canada. For example: During the last inspection, a Transport Canada inspector stated that "the Ste-Anne heliport is a model for all of Canada to follow."

We are always looking for motivated volunteers to carry out the inspections of the heliport. If you are interested in getting involved in the community, contact us to learn more. Join the team of volunteers and make a real difference in the community!

Volunteers: Amanda Scott, Chris Coulson, Daniel Bernard, Denise St-Vincent, Joel Dornez, Mike Bernier, Phil Miron, Randy Taman, Raymond LaFlèche, Robert Rivard, Ted Sheppard

Staff: Alex Simpson, Mark Hiebert

## Donor Spotlight

### THE KIRK FAMILY

Nancy and Brad Kirk, along with their children Raygan and Owen, have been donating to the Ste. Anne Hospital Fund since moving to the Rural Municipality of Ste-Anne in 2007. The family has been a committed monthly donor for the past eight years. With Nancy's background as a financial analyst and payroll supervisor for the Southern Regional Health Authority, she developed an understanding of the constraints within the province's health funding. The Kirk family strongly believes in the need to support staff and contribute to help maintain essential health care services.

*"Donating to the Ste Anne Hospital Fund, on a monthly basis, is how our family has chosen to provide some financial support closer to home. We give monthly, to say thank you to the Ste Anne Hospital for being there for our family in times of emergency. There have been so many examples when doctors, nurses and other staff were there for us; from times when the kids were small and had high fevers, minor illnesses or concussions in sports; when anyone needed blood work at the lab; when I had a post lumpectomy infection, when Brad dislocated his shoulder while coaching down the street at the arena, or when he has had his various workshop accidents! I encourage everyone to give a little every month, even if it is only the equivalent of a Starbucks coffee, every bit helps and it makes you feel good too!" (Nancy Kirk)*

### IN LOVING MEMORY OF OUR DECEASED

The Ste-Anne Hospital Fund wishes to express its deep gratitude to the families who solicited donations in memory of their deceased loved ones. In 2024 and 2025, the Ste-Anne Hospital Fund received 32 contributions to honour these individuals. The Fund extends its sincere thank you to the donors and offers its deepest condolences to the affected families.

## Grateful Patient Program

The Grateful Patient Program allows patients and their families to express gratitude to those who made a difference in their care at the Ste-Anne Hospital.

Your contribution will not only acknowledge a caring caregiver but also support the Ste-Anne Hospital with the financial support for state of the art equipment as well as contributing to construction projects in order to continually improve health care delivery in our region.

The Ste-Anne Hospital is dedicated to offering outstanding care for everyone. Whether you decide to appreciate a specific staff member or the entire staff, your donation presents a valuable chance to express your appreciation.

You can thank a Ste-Anne Hospital caregiver today!
